

1. Open the pull request tab

The screenshot shows the GitHub repository page for 'project-0-RefinedSnack' (Private). The 'Pull requests' tab is selected and highlighted with a red arrow. Below the repository name, there's a table of files:

File	Commit	Time
RefinedSnack added .yaml	0f3e7bb	3 days ago
.github	added .yaml	3 days ago
.idea	all done!	2 weeks ago
__pycache__	Initial commit	2 weeks ago
project0-passoff	Initial commit	2 weeks ago
README.md	Add assignment deadline url	2 weeks ago

On the right, the 'About' section shows 'project-0-RefinedSnack created by GitHub Classroom' with 0 stars, 1 watching, and 0 forks.

2. Select the "Feedback" pull request. If this does not exist reach out to a TA for assistance

The screenshot shows the 'Pull requests' tab for the repository. A red arrow points to the 'Feedback' pull request, which is the only one listed. It was opened 2 weeks ago by 'github-classroom' (bot). The status is '1 Open' and '0 Closed'.

Filters: ispr isopen. Labels: 9. Milestones: 0. New pull request button is visible.

3. Scroll to the bottom of the page and select "Close pull request"

The screenshot shows the details of the 'Feedback' pull request. It indicates that 'All checks have passed' and 'This branch has no conflicts with the base branch'. A red arrow points to the 'Close pull request' button at the bottom right of the page.

Buttons: Merge pull request, Close pull request, Comment.

ProTip! Add comments to specific lines under Files changed.

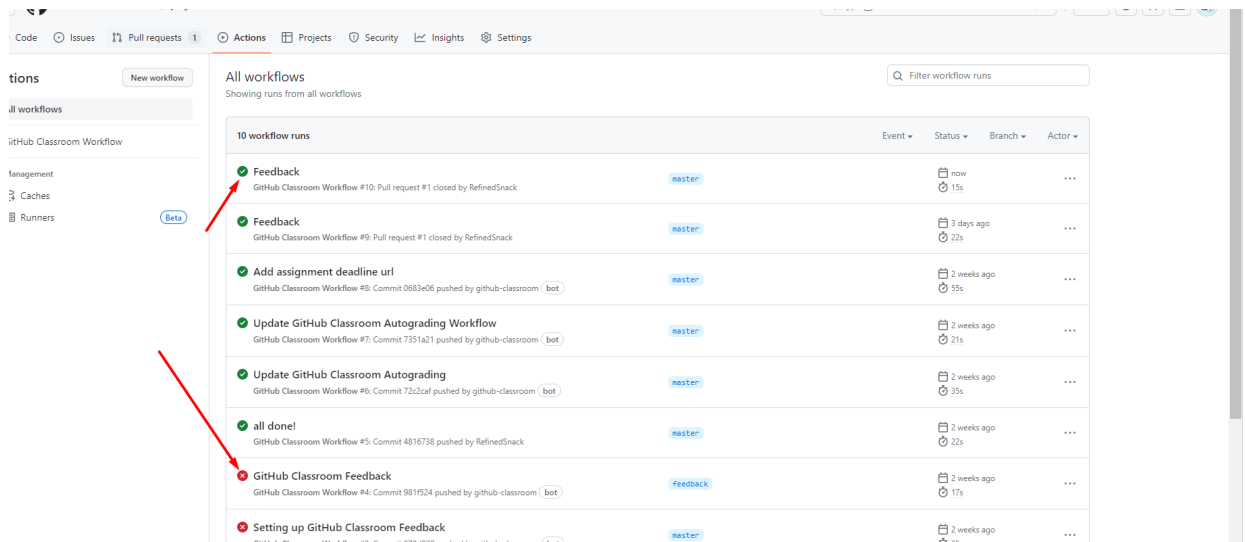

4. Immediately click "reopen request"

The screenshot shows a GitHub pull request titled "Feedback #1" from the repository "github-classroom". The pull request is in a "Closed" state. The commit history shows several updates to the "Autograding Workflow" and "assignment deadline url". The pull request was closed by "RefinedSnack" 3 days ago and reopened 3 days ago. The "Reopen pull request" button is highlighted with a red arrow. The interface also shows a "Write" section for leaving a comment and a "Comment" button.

5. Go to actions

The screenshot shows the GitHub Actions tab for the "Feedback #1" pull request. The "Actions" tab is selected, and the "github-classroom" workflow is visible. The workflow is a "GitHub Classroom" workflow that creates a pull request for feedback. The workflow is currently in a "Failed" state. The "Actions" tab is highlighted with a red arrow.

6. The check indicates a successful run and an x indicates a failure

Workflow	Event	Status	Branch	Actor
Feedback	GitHub Classroom Workflow #10: Pull request #1 closed by RefinedSnack	now	master	...
Feedback	GitHub Classroom Workflow #9: Pull request #1 closed by RefinedSnack	3 days ago	master	...

Update GitHub Classroom Autograding Workflow	GitHub Classroom Workflow #7: Commit 7351a21 pushed by github-classroom (bot)	2 weeks ago	master	...
Update GitHub Classroom Autograding	GitHub Classroom Workflow #6: Commit 72c2caf pushed by github-classroom (bot)	2 weeks ago	master	...
all done!	GitHub Classroom Workflow #5: Commit 4816738 pushed by RefinedSnack	2 weeks ago	master	...
GitHub Classroom Feedback	GitHub Classroom Workflow #4: Commit 981f524 pushed by github-classroom (bot)	2 weeks ago	feedback	...
Setting up GitHub Classroom Feedback	GitHub Classroom Workflow #3: Commit 032a929 pushed by github-classroom (bot)	2 weeks ago	master	...

7. Avoid doing this frequently, you should be testing locally and NOT using github

8. To learn more about what these steps are doing, type the following two prompts into ChatGPT:

- what does it mean to make a pull request in github
- what does it mean to clone a repository, create a fork, make a branch, and make a pull request in github
